

**Guidelines for Presentation on Innovations in Medical Education &
Submission at APMEDUCON-2025**

(ONLY FOR FACULTY)

Dear Participants,

We request you to submit the following by **10 PM on 30th May' 2025**.

Guidelines for preparing Presentation using PowerPoint:

Slide Design:

- Number of slides: No restriction on number of slides.
- Font Style: Calibri.
- Font Size: Minimum 28 for body, 36 for headings.
- Colour Scheme: High contrast; avoid cluttered backgrounds.
- Visuals: Use charts and images to support your narrative.
- Number of the slide should be visualized clearly.

Structure:

- Title Slide: Presentation title, your name, and affiliation.
- Introduction: Summarize the context and rationale for the study.
- Objectives: Clearly state the objectives of the study in numerical order.
- Materials & Methods: Materials and Key methodology concisely explained.
- Results: Highlight key findings with visual support.
- Discussion: Compare the study results with similar studies ever done.
- Conclusion: Emphasize the significance of the results and their implications.
- References: Key citations only in Vancouver style should be mentioned in footnote of each slide (if applicable).
- Acknowledgements, Source of funding, and Conflict of Interest.

Delivery:

- 8 minutes for paper presentation followed by response to the queries for 2 minutes.

Important:

- Carry a soft copy of your paper presentation in PPT format in a Pen drive to the conference venue.
- All presenters must upload their presentation at least two hours before their allotted presentation time. Ensure you confirm your slot and venue in advance.

- The presenting author(s) name must be in bold and underlined on the presentation for clarity and identification.
- The judges' decision will be final and binding for all participants.
